

src/exception/EventListNot
CreatedException.hpp

```
graph TD; A["src/exception/EventListNotCreatedException.hpp"] --> B["exception"]; A --> C["string"];
```

The diagram illustrates the dependencies of the header file `src/exception/EventListNotCreatedException.hpp`. Two blue arrows originate from the bottom of the top box and point to the boxes labeled `exception` and `string`, indicating that the header file includes or depends on these two components.

exception
